

Metronome Partners Represents MyEyeDr.

March 2013 – Metronome Partners, LLC (Metronome) announces the successful closing of a new partnership between Capital Vision Services, LLC (dba MyEyeDr.) and Boston-based private equity firm Monitor Clipper Partners, a leading, independent investment firm managing over \$2 billion. Metronome served as exclusive financial advisor to MyEyeDr.

Metronome exceeded client expectations through its hands-on, client-focused approach that ultimately led to a successful outcome. While MyEyeDr. was very successful and exhibited great potential for accelerated growth, the company's operating infrastructure lagged its growth. Metronome worked with the management team to best position the story and created a very competitive process with over 30 quality indications of interest. Through senior-level attention and extensive process management and positioning expertise, Metronome was able to achieve a premium valuation for MyEyeDr. and find management the best partner.

MyEyeDr. is a premier vision care service provider as well as the leading single practice consolidator in the industry. MyEyeDr. operates 42 units throughout Washington D.C., Maryland, and Virginia. Every MyEyeDr. location has a licensed Optometrist on the premises and offers comprehensive eye care services, including exams and retinal photography, as well as medical services. In addition, each location offers more than 1,000 frames and a variety of related eyewear products. MyEyeDr. has distinguished itself as a market leader based on the Company's practice management expertise, operational excellence, and strong cash flow generation. In addition, the Company has a proven acquisition strategy, which provides an exit opportunity for independent, single-unit practices, and enables MyEyeDr. to leverage its strengths to vastly improve the performance of these acquired units.

Metronome Partners is an independent, Memphis and Chicago based M&A advisory firm that specializes in managing, structuring, and negotiating transactions of varying sizes and complexities in a broad range of industries.
